To: Israel Police

Subject: Request for Investigation and Clarification of Possible Unauthorized Actions

I, Borislav Verbitskii, hereby submit this statement regarding potential unlawful actions affecting my brother.

1. My brother, Sergei Verbitskii, ID 347013229, is currently under arrest and therefore unable to independently submit a complaint or obtain relevant information regarding his property and personal accounts.
2. According to information received from mutual acquaintances, a vehicle owned by my brother — [Mitsubishi K94W, registration number 8722836] — may have been sold and re-registered without his knowledge or consent.
   I kindly request clarification on:
   - whether the ownership of the vehicle has been transferred,
   - the date of such transfer,
   - and the identity of the current registered owner.
3. Additionally, there are reasonable grounds to believe that my brother's wife may have had access to his personal accounts (including government services via gov.il, email accounts, and social media platforms) and may have performed unauthorized actions on his behalf without his consent.

Given the above, I respectfully request:

- to verify the circumstances of the vehicle ownership transfer,
- to investigate any potential unauthorized use of my brother's personal accounts and identity,
- and to take appropriate legal action if violations are confirmed.

I am ready to provide any additional information or documentation that may assist in this matter.

Sincerely,
Borislav Verbitskii
